ABOUT

Passionate and motivated **Computer Science Engineering student** with strong problem-solving abilities and a solid foundation in data structures and algorithms. Eager to apply technical knowledge in real-world scenarios through an internship opportunity. Enthusiastic about exploring diverse technologies and frameworks to build efficient, scalable, and user-centric solutions. Looking to contribute meaningfully to a dynamic team while continuing to learn and grow in the software development field.

EDUCATION

Narula Institute Of Technology

- B.Tech in Computer Science and Technology
GPA – **9.05** (upto 5th sem)

Makardah Bamasundari Institution

- Secondary in **2020** with **95.5%**
- High Secondary in **2022** with **92%**

CLASS PROJECT EXPERIENCE

• ATM Machine Simulation – C Language

Developed a console-based ATM simulation using C, implementing key banking operations such as PIN authentication, balance inquiry, cash withdrawal, fund transfer, and transaction history tracking to simulate real-world ATM functionality.

• Smart Water Tank Management System – IoT-Based Project

Designed and implemented an IoT-enabled smart water tank monitoring system using ESP-8266 and Arduino, integrated with ThingSpeak cloud for real-time water level tracking and automated motor control, enhancing water resource management.

• ShareXConnect – Full-Stack Social Media Web Application

Built a feature-rich Instagram-like social media platform using the MERN stack (**MongoDB, Express, React, Node.js**), enabling users to share photos and videos, like and comment on posts, follow others, receive notifications, and engage in real-time chat functionality. [\[LINK\]](#)

• Published Research Paper

Title: *Enhancing Phylogenetic Analysis: A New Genome Sequence Comparison Approach Using Bray-Curtis Dissimilarity Metric.* [\[LINK\]](#)

CERTIFICATIONS

- NCSTCS 2k23 best presenter certified in college
- Participation Certificate on SIT ICOE Hackathon
- Soft Computing Techniques from [\[NPTEL\]](#).

SKILLS

- **Programming Language :-** C / C++, Java
- **Others :-** HTML, CSS, SQL
- **Developers tool :-** VS Code, IntelliJ IDEA, MySQL, MongoDB
- **Concepts :**
 1. Object Oriented Programming
 2. Data Structure And Algorithms
 3. Computer Networks
 4. Database Management System

HOBBIES

Drawing, Coding, Travel, Reading books, Listening to music
